

## Dementia Matters Round-up

**“ In it together... ”**

... Friendship, support &  
advice despite isolation!

**cyfrifiad  
census  
2021**

Issue 18 - March 21

### Helping you to adjust to changes

*“Dementia Matters in Powys is for all those living with dementia and their families or carers. During this time of increased isolation we are here for you and will provide a listening ear, cheerful (even humorous) conversation and practical information and support. Any change can be challenging - even more so when you are already adjusting to the changes which accompany dementia and memory loss. Part of our ongoing support for you will be this regular ‘Round-up’ alongside phone-calls, emails and video chats”*

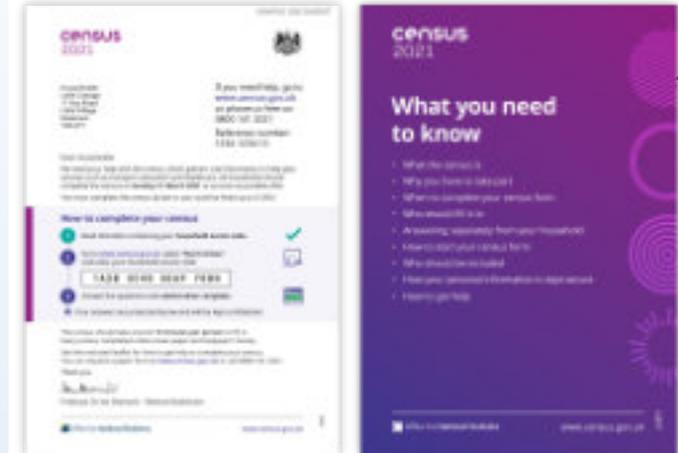

Contact us at [info@dmip.org.uk](mailto:info@dmip.org.uk)  
online [www.dmip.org.uk](http://www.dmip.org.uk) Tel: 01597 821166

On Zoom:-

Carers Support Groups  
Llandrindod Mondays at 11am  
Brecon Mondays at 2pm  
Newtown Tuesdays at 11am  
Ystradgynlais Tuesdays at 2pm  
Carers Information Session (Powys)  
Last Wednesday of the month  
Powys Virtual Meeting Centre  
Every Thursday at 11am  
18th March = St Patrick's Day!  
25th March = Lambing!

21<sup>st</sup> March 2021 - Census Day

Census 2021 is the first digital-first census, meaning we would like as many people as possible to take part online. Every household will get a letter in the post with a code which allows them to log on to the website. These letters will be sent out from 3rd March 2021 over a ten-day period. They look like this:

Every census completed online saves paper and taxpayers' money. However, we understand that some people would rather complete a paper questionnaire and we have made it easy to do this. Paper forms can be ordered by:

- calling the contact centre for free on 0800 169 2021 (Wales) and speaking to an adviser
- calling the contact centre and selecting self-serve to enter the ten-digit reference number from their census letter
- visiting the help pages on our website, [www.census.gov.uk](http://www.census.gov.uk)

Anyone can order these paper forms. This includes somebody ordering them on behalf of another person.

'Eventually all genealogists come to their census...'

The Romans held census every 5 years and was used to manage taxes. People were made to return to their birthplace.

4000 BC - The Babylonians began using census to help manage food supplies. They used clay tiles.

Census!

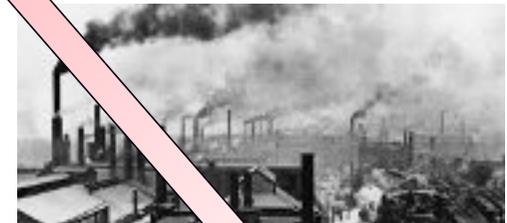

The Han Dynasty (2 AD) were experts in accuracy, this census included 57.67 million people in 12.36 million households

Doomsday - William the conqueror 1086 Written in Latin

The 1821 UK Census showed a massive increase in populations in towns and cities. The Reform Act of 1832 gave these places representation in parliament but most still did not have the vote.

1st USA census was supervised by Thomas Jefferson and held on the 2nd August 1790. It asked for the head of the house and the numbers of; Free White Males Over 16, Free White Males Under 16, Free White Women, All Other Free People and Slaves

The 1931 census was destroyed by fire in WW2 and there was no census in 1941. A register was taken in 1939 after war broke out and was used for ID cards, ration books, conscription and evacuation
